

# Manulife Centre Redevelopment Update

October 2017

Enclosed is this month's update of construction milestones taking place over the next couple of months. Please note dates and activities are subject to change without notice. During construction, some of your usual pathways and entrances to the building may also be rerouted. We will make it a priority to communicate with all our tenants during construction to minimize disruption.

## **Important Information:**

- There are two temporary entrances to the centre located on the West and East ends of Bloor Street. Entrances will alternate throughout construction. Please observe on site signage to direct to the open entrances.
- Heavy construction will begin on Balmuto, Bloor and north Bay Street; noise will be loud at times.
- Graphics will be installed on the construction barriers at the corner of Bloor and Bay in early October.
- Balmuto Street now has a covered entrance way in place until late 2018.
- Construction in the parking garage continues, observe directional signage for vehicle rerouting and blocked access.

We thank you for your patience as we continue the redevelopment of Manulife Centre. Please visit [manulifecentre.com/redevelopment](http://manulifecentre.com/redevelopment) to view images and ongoing construction updates. If you have any questions, please do not hesitate to contact me at 416-323-2556 or Eva Chapman at 416-323-2557.
