

# Manulife Centre Redevelopment Update

August 2018

Hello Manulife Centre Tenants!

We hope that you're having a wonderful summer with your friends and family! The Manulife Centre Redevelopment project continues to move forward with some exciting new milestones reached. Glass installation along Bay Street has started and demolition along Bay Street will be continuing with steel not far behind. New escalators have been delivered and are awaiting installation. With the changes throughout the Centre unfortunately we had to say goodbye to Stitch It, who will be closing at the end of August and will be happy to serve you at their Holt Renfrew Centre location.

Enclosed is this month's update of construction milestones taking place over the next couple of months. Please note: dates and activities are subject to change without notice. During construction, some of your usual pathways and entrances to the building may also be rerouted. We will make it a priority to communicate with all our tenants during construction to minimize disruption.

## Important Information:

- Roof installation along Bloor Street is completed.
- The curtain wall (glass) installation has been completed along Bloor Street. Installation on Bay Street to continue.
- Erection of steel continues on Balmuto & Bay.
- Slab removals continue along Bay and Balmuto Streets, noise will be loud.
- Complimentary valet parking services available to tenants.

We thank you for your patience as we continue the redevelopment of Manulife Centre. Please visit [manulifecentre.com/redevelopment](http://manulifecentre.com/redevelopment) to view images and ongoing construction updates. If you have any questions, please do not hesitate to contact Michael Motz or Eva Chapman.
